

BADR EDDINE NAFIAI

Software Engineering Intern (4–6 months)

📍 El Jadida, Morocco | 📞 +212 6-56-51-16-91
✉ nafiaibadr002@gmail.com | 🌐 <https://github.com/Batrii>

PROFILE

Software engineering student at 1337 (42 Network, UM6P), with hands-on experience in C/C++ systems programming, backend development, and Docker-based infrastructure through team projects. Available for a 4–6 month internship to contribute to a technical team and keep building on skills from a project-based, peer-learning curriculum.

TECHNICAL SKILLS

Languages	C, C++, JavaScript/TypeScript, SQL
Backend & Frameworks	Node.js, NestJS, WebSockets, REST APIs
Databases	MySQL, PostgreSQL, Redis
Systems & Networking	UNIX/Linux, Sockets, I/O multiplexing, Bash
Frontend	HTML, CSS, JavaScript, React.js
Tools & Infrastructure	Docker, Docker Compose, Git/GitHub
Practices	Peer programming, algorithmic problem-solving, project-based learning

ACADEMIC PROJECTS

- Webserver (C++)** 42 / 1337 Project (Team of 2)
- Built an HTTP server in C++ with a teammate (who handled configuration file parsing).
 - Implemented socket setup and I/O multiplexing to support multiple concurrent client connections without blocking.
- Inception** 42 / 1337 Project (Solo)
- Designed a containerized infrastructure using Docker and Docker Compose.
 - Configured Nginx, MariaDB, and WordPress services communicating over an isolated Docker network.
- ft_transcendence** 42 / 1337 Project (Team of 4)
- Worked as one of two backend developers on a real-time coding challenge platform.
 - Developed authentication, REST APIs, WebSockets, Redis caching, and database schema design using NestJS.

EDUCATION

- 1337 (42 Network School)** 2024 – 2026 (Ongoing)
UM6P, Benguerir – Intensive project-based programming curriculum (Peer-learning, C/C++, algorithms, systems architecture).
- Professional Bachelor's Degree in Computer Engineering & Emerging Technologies** 2023 – 2024
ENSA El Jadida (Chouaib Doukkali University)
- Specialized Technician in Digital Development** 2021 – 2023
Institut Spécialisé de Technologie Appliquée (ISTA), Cité de l'Air, El Jadida
- Baccalaureate in Physical Sciences** 2019 – 2020

LANGUAGES & INTERESTS

- Languages:** Arabic (Native), French (Fluent), English (Fluent)
- Interests:** Programming, Sports, Travel
